

70105

Monitoring Center All in One CPU

MONITORING STATION / KIOSK

The 70105 is an all in one format recommended for installations requiring an easy-access UI. This is typically used as a Test Station or Kiosk. The 70105 includes preloaded PrismUI software and is typically used in conjunction with multiple networked servers/desktops.

FEATURES & BENEFITS

- ✓ Installed with PrismUI software
- ✓ Required connections added & tested by Actall or Installer
- ✓ Can operate as monitoring station or test kiosk
- ✓ Specifications set for optimal performance
